including 3 Suites & 1 Villa*

*Michelin-starred
Restaurant*

THE ESTATE

A short distance from Limoges, enjoy the charm and elegance of La Chapelle Saint Martin, a historical 14th-century estate opening out onto a 40-acre park and its surrounding countryside. The hotel and restaurant are designed as an ode to the Limousin and to the Dudognon Family history. Their passion for antiques, keen eyes for details and above all their aesthetic is on display: a meticulous, refined and authentic French style.

Rare objects found while shopping for vintage furniture, and unique paintings, have been decorating and inhabiting this property, which belonged to Porcelain manufacturers in the 19th century, for the past 40 years.... The main House and its outbuildings have been restored with subtlety and elegance. The 14 bedrooms, lounges and outdoor swimming pool welcome guests to an oasis of parkland, art and Porcelain.

MICHELIN-STARRED RESTAURANT

The Chef and owner, Gilles Dudognon, together with his team, select the best local products and offer a classic French cuisine with strong qualities and a sprinkle of inventiveness... a hedonistic and sensorial experience for guests dining at La Chapelle Saint Martin.

The four elegant and tastefully decorated lounges and dining rooms offer multiple opportunities: romantic suppers, family celebrations on the 200m² terrace, cocktail or garden parties...

The Chef's son, Henri, joined the family business in 2019. Father and son are now working side by side, creating and serving a generous and gourmet cuisine, displaying their knowledge of products and cooking techniques.
